Hi all, here is a revised version that takes into account Bob K's comments regarding the RfC as well as Karen's suggestions below on some of the streamlining language. I did not receive comments from anyone else.

Kathleen's draft email looks fine overall to me. The bullet about the DSF seems to be highlighted early enough. Maybe the paragraph about the NRC recommendations is old news and can be left out? But if it's still needed, it could be shortened:

Ex. 5 Deliberative Process (DP)

Just suggestions in case they're helpful,
Karen

Hi folks-

I'm sending around an updated version of the draft BaP IASD review email for review (thanks Dahnish for sending me a template, and Vicki for reminding me). I've populated the list of major changes in the assessment and added a few comment bubbles for consideration.
